> Ron,
> Attached are 2 documents:
> 1.) the W9 you requested
> 2.) an overview guide to the wiki documents (this document is also on the wiki itself to provide future team members to understand the intended audience and purpose of each article)
> Additionally, if you take a look at the original SOW that is in Notion I provided a link to the respective articles for each deliverable (however there are a number of documents in the wiki that further flesh out the deliverables / I felt necessary to go a bit "above and beyond" the list of deliverables).
> Overall I feel confident that the work done fulfills the agreed upon SOW, and I will undoubtedly add to the existing documentation ("for free") as I come across further information and think of anything that will assist us with our long term goal of developing the platform and portfolio of services we're aiming to deliver.
> That being said, please don't hesitate to provide any feedback or suggestions on areas that you feel should be added to or clarified for the subject matter to be better understood.
> This initial project definitely has me increasingly excited and believe that we have a solid idea for a business that can be both profitable and genuinely improve and modernize community governance in ways that our country, in particular, is greatly in need of.
> If we can get in front of the right audiences I'm sure we can be successful in having a notably positive impact on community governance and the democratic process in general.
> Cheers!
