To: YWCA Missoula Board of Directors, attention Board Chair

Attachment: discovery-ymca-em-from-P.S.-81418.pdf

Dear Members of the YWCA Missoula Board of Directors,

MISJustice Alliance is writing to request an independent board-level review of the handling of correspondence from P.S., specifically the reported forwarding of that email by E'Lise Chard to prosecutorial channels less than 30 minutes after its receipt.

Our concern is not simply that correspondence was forwarded outside the organization. It is whether a communication warranting independent governance review was instead routed to prosecutorial recipients before the Board had a meaningful opportunity to receive, assess, and respond to it.

Based on the sequence reported to us, the timing and routing raise a serious question about whether the forwarding bypassed—or was intended to prevent—review by the Board of Directors. We recognize that timing alone does not establish motive, and we are requesting an explanation and documentary review rather than presenting that inference as an established finding.

Please ensure that this inquiry reaches the Board Chair and directors responsible for governance oversight, rather than being handled solely by any individual whose conduct is at issue.

We request a written response addressing the following:

1. **Timeline:** When was P.S.'s original email received, when was it forwarded, and what do the original headers and available message logs establish about the elapsed time?
2. **Recipients:** To whom was the email forwarded, including all To, Cc, and any identifiable Bcc recipients? Please identify the prosecutorial offices or personnel involved and any accompanying message or attachments.
3. **Decision and purpose:** Did E'Lise Chard personally initiate the forwarding? What reason was documented at the time, and did anyone direct, authorize, or advise that action?
4. **Board access:** Was the original email provided to the Board Chair or any directors before or after the forwarding? If so, when, to whom, and in what form? If not, why not?
5. **Applicable policies:** What policies governed complaint escalation, external disclosure, confidentiality, conflicts of interest, and board notification? Please explain whether the handling of this correspondence complied with those policies.

6. **Independent review:** Will the Board arrange a review by directors or an outside reviewer who were not involved in the forwarding or the underlying matter, with findings and any corrective measures documented in writing?

Please preserve the original email in its native format, complete headers, attachments, forwarding messages, available mail-system logs, internal communications concerning its disposition, and any related board communications or minutes. We also request preservation of any contemporaneous explanation for contacting prosecutorial recipients.

If YWCA Missoula maintains that the disclosure was required or otherwise justified, please identify the specific basis and explain whether that basis also justified withholding or delaying board review, if either occurred.

We are not requesting unrestricted disclosure of sensitive personal information. Records containing such information may be appropriately redacted or provided through a secure channel, while retaining the information necessary to establish the sequence, decision-making, and basis for the disclosure.

Please acknowledge receipt within five business days and confirm whether this inquiry and the original P.S. correspondence have been delivered to the Board Chair. We request a substantive response within 15 business days, or a written explanation of the additional time needed and the anticipated response date.

The purpose of this outreach is to obtain a verifiable account of what occurred, establish whether independent oversight was bypassed, and identify any corrective action needed. We welcome relevant context or records that clarify or contradict our present understanding.

Sincerely,

MISJustice Alliance
